Le savoir-faire du décorateur s'exprime dans de nombreux domaines: la création d'une ambiance, l'agencement de meubles, le choix des matières, des couleurs, des tissus.
Chargé d'élaborer un décor suivant les désirs de son client, il travaille généralement en partenariat avec l'architecte DPLG en charge du projet.

Il possède de solides connaissances en histoire de l'art, de l'ameublement et de l'habitat et doit être capable de se renouveler en permanence.

En tenant compte des besoins du client, des contraintes financières, techniques et des normes à respecter, il élabore des concepts, réalise les esquisses du projet ainsi qu'une estimation financière, dessine les plans sur papier et sur ordinateur en 3D.

Concevoir et réaliser des espaces intérieurs esthétiques, confortables et fonctionnels en jouant avec les volumes, la lumière, le mobilier et les matériaux, telles sont nos missions.

THEME IMPOSE: Le rouge et le noir.
Pour ce projet, il était important de marier plusieurs motifs et de jouer sur les tons de rouge, noir, beige, marron.
Nous avons opté pour des matières brillantes, pour donner beaucoup de luminosité et de classe.
Les tissus velours, viennent quant à eux réchauffer l'ensemble.
